CSR ACTION PLAN

Recycling office paper

Description

Making office-based employees aware of paper recycling.

Purchase and distribution to offices of paper recycling containers alongside active encouragement for them to be used to collect waste paper.

Daily waste collection by the paper cleaning contractor.

Centralisation of paper collection points at the 2 main Brest sites: head office in Villeneuve and the KII plant.

Résultats

The combined effect of these initiatives has produced the following results:

- 30% lower waste collection costs per tonne;
- Reduced emptying cycles through the use of compactors;
- Improved waste recycling rates..
